

INDIAN KING TAVERN MUSEUM

Friends of the Museum invite you to meet

JOHN & ABIGAIL ADAMS *Mr. vs "Mrs. President"*

John Adams was a brilliant lawyer and the founding father others "loved to hate". Although he disliked being refuted, one person boldly challenged him: his wife, Abigail. Remembered for warning John to "remember the ladies", her influence led critics to call her "Mrs. President". Join America's original power couple for a lively debate.
